ATHENA Global Services- Location

The development of the East of Paris and particularly of the Seine Saint Denis department is a priority for the state. This departement has more than 36,000 firms, French or multinational, and is the most important pool for economic development in France.

ATHENA Global Services takes advantage of its propitious location to turn this varied and important activity to good account. In Pavillons sous Bois, right in the East of Paris, ATHENA Global Services benefits from the stillness and peacefulness of a residential town.

Exactly between the administrative centre of Bobigny and the industrial district of Aulnay-sous-Bois, along the main motorways (A1, A3, A86, « la Francilienne » (N104), and RN3), ATHENA Global Services, located at the centre of the department, enables a quick access to the Roissy-Charles De Gaulle Airport (A1) as well as to Paris, Rosny, Marne la Vallée, or even to the South of Paris.

The «route nationale 3» and its active economic environment, have developed a large complex of restaurants and shops close to ATHENA Global Services.

How to get to ATHENA :
